## MIT

## Mobile Intercultural Team

## Purpose „Mobile Intercultural Teams“

- beneficial integrating children at Tyrolean schools
- supporting schools to successfully integrate and affiliate children into their school and class community
- consulting and supporting the children's family environment
- prevention of both exclusion and (ethnic) conflicts
- supporting and complementing both school psychologist and other school supporting institutions
- creating equal opportunities for Tyrolean school students

## The Team

- we are a **multi-professional team** of:  
Psychologists  
Social education worker
- **language skills** in:  
Arabic  
Bulgarian  
English  
Persian: Farsi/Dari  
Spanish  
Swedish  
Turkish

We live (for) heterogenic school classes!

## What we do

- offering further education for teachers (e.g. handling diversity, intercultural competences, language barriers, etc.)
- Our multilingual and intercultural team works with proficiency in the remit of integration at Tyrolean schools
- supporting schools with parent communication (parent-teacher conferences, contacting parents, school events, parents nights, etc.)
- offering further education and guidance in school development processes
- moderating conflict discussions
- contacting extracurricular support and auxiliary organisations
- providing supervision for teachers
- social learning in the classroom
