**Mobiles Intercultural
Team**

Purpose „Mobile Intercultural Teams“

- beneficial integrating children at Tyrolean schools
- supporting schools to successfully integrate and affiliate children into their school and class community
- consulting and supporting the children's family environment
- prevention of both exclusion and (ethnic) conflicts
- supporting and complementing both school psychologist and other school supporting institutions
- creating equal opportunities for Tyrolean school students

The Team

we are a **multi-professional team** of:
Psychologists
Social education worker

language skills in:

Arabic
Bulgarian
English
Rumanian
Swedish
Turkish
Hungarian

We live (for) heterogenic school classes!

What we do

- offering further education for teachers (e.g. handling diversity, intercultural competences, language barriers, etc.)
- our multilingual and intercultural team works with proficiency in the remit of integration at Tyrolean schools
- supporting schools with parent communication (parent-teacher conferences, contacting parents, school events, parents nights, etc.)
- offering further education and guidance in school development processes
- moderating conflict discussions
- contacting extracurricular support and auxiliary organisations
- providing supervision for teachers
- social learning in the classroom
